

## P.E.

Dance - creating a dance, both individually and collaboratively.

Magnificent 7 - Children move around different stations developing their throwing, running, jumping and skipping.

## R.E.

Who is a Muslim and what do they believe? Learning about stories, special places and special objects.

## Music

Nativity songs!

## Computing

Using Purple Mash to design and build models.

## Science

Habitats - Learning about how habitats change throughout the year. What animals can we see in the winter? And what do some animals do to prepare for the winter?

## Geography

What can we see from space? Children will learn about the natural and man-made features that can be seen from space.

## Art

**Chris Gryder** - Observational drawings of natural forms.

**Mono printing**

**Clay tiles** - Using patterns to create clay tiles to form into a collaborative piece.

## English

**Rumpelstiltskin** - Talk for writing focusing on a setting description.

**Bob Man** - A power of reading text that we will use to develop the children's ability to write a cumulative story.

**Along came a different** - Learning all the different skills required to fully understand the meaning of a text.

## Mathematics

**Measures** - Temperature and reading scales. Lengths and heights.

**Addition and Subtraction** - Money context.

**Multiplication and division** - Using arrays and repeated addition for multiplications. Using arrays and grouping for division.

**Geometry and shape** - 2D shapes.

## Autumn 2 – 2S & 2P

## Moon Zoom!

## PSHE

**Celebrating differences** - developing our understanding of what it means to be us and why being different is important.
