### 1. Aims

Our SEN policy and information report aims to:

- Set out how our school will support and make provision for pupils with special educational needs (SEN)
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEN
- Set out the vision, values and broader aims of our school's arrangements for pupils with SEN and disabilities.

Stivichall Primary school is an inclusive school. We pride ourselves on structuring our school, our classrooms, our learning environments and our lessons so that all our students can learn and make progress. Our team is dedicated to getting to know our children and their families to support each child on their individual journey through the school. These relationships support our robust system of early identification of need. From time to time, some children will require additional support for a period of a few weeks, months or even longer to meet their needs. We work with children and their families to ensure appropriate support is put in place and regularly reviewed.

### 2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

[Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEN and disabilities.

[The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the SEN information report.

### 3. Definitions

The SEND Code of Practice 2015 states that *"A pupil has SEN where their learning difficulty or disability calls for special educational provision, namely provision different from or additional to that normally available to pupils of the same age."*

## **4. Roles and responsibilities**

### **4.1 The SENCO**

The SENCO is Leah Franckeiss

#### **The Role of the SENDCO**

- overseeing the day-to-day operation of the school's SEND policy
- coordinating provision for children with special educational needs
- liaising with and advising all staff
- overseeing and maintaining the records of all children with special educational needs
- liaising with parents / carers of children with special educational needs
- contributing to the in-service training of staff
- liaising with external agencies
- organising and chairing annual review meetings where appropriate
- helping staff to identify early intervention
- tracking pupils' progress and allocating additional support to individual or groups of pupils
- ensure that documents and records are kept and shared with staff and parents / carers and are available where needed
- completing and maintaining the Special Educational Needs and Disability Register
- making sure relevant referrals have been made

### **4.2 The role of the SEN governor**

- to monitor and support the SENDCO and Senior Leadership in the implementation of the SEND Policy and SEND Information Report.
- to inform Governors of any issues regarding the implementation of the SEND policy.

### **4.3 The role of the headteacher**

The headteacher will:

Work with the SENDCO and SEN governor to determine the strategic development of the SEN policy and provision within the school

Have overall responsibility for the provision and progress of learners with SEN and/or a disability

### **4.4 The role of the Class teacher**

- providing quality first teaching to all pupils, including those identified as having SEND
- identifying each child's needs and levels of attainment and progress
- advising parents / carers of any concerns

- raising concerns for children that they are worried about, completing initial concern forms and discussing concerns with the SENDCO
- providing reports for external specialists
- monitoring and assessing progress and maintaining appropriate records, including holding SEND meetings, setting and reviewing targets at least three times a year.
- ensuring individual needs of SEND pupils are met through targeted intervention where necessary and implementing strategies that have been suggested by the SENDCO or external specialists
- analysing and reporting on progress of pupils with SEND at Pupil progress meetings
- plan and prepare work for children to enable them to access the curriculum
- ensure the delivery of the curriculum is appropriate to allow access for all children
- fulfil any other duties as required of the class teacher as stated in the SEND Code of Practice 2015

## 5. SEN information report

### 5.1 The kinds of SEN that are provided for

Special educational needs fall under four broad areas of need:

- **Communication and Interaction** (including speech and language difficulties, Autistic spectrum disorder and Asperger's syndrome)
- **Cognition and Learning** (including moderate, severe and profound learning difficulties and specific learning difficulties such as dyslexia or dyspraxia)
- **Social, emotional and mental health** (including attachment disorder and attention deficit (hyperactivity) disorder)
- **Sensory and/or physical** (including visual impairment, hearing impairment or physical disability)

### 5.2 Stivichall Primary School SEND Support overview: The graduated approach

At Stivichall Primary we believe that Quality First Teaching is the key to meeting the needs of most of our children. Through differentiated planning, a range of teaching methods and a good working knowledge of the children's needs, most children will make good progress.

Our Class Teachers closely monitor the progress made by all children in their class and ask advice from the SENDCO (Special Educational Needs and Disability Co-ordinator) as soon as they have concerns about any of their pupils. We then follow the SEND stage graduated approach documented below and the **Assess, Plan, Do, Review** cycle. A concern might relate to a child's low attainment, making less than expected progress, behaviour or social, emotional or mental health needs.

Register	SEN stage	Description of stage and actions required	Responsibility
Not on SEN support register	Stage T (Teacher)	<ul style="list-style-type: none"> <li>• Teachers use a range of classroom <b>assessments</b> to identify pupils of concern and relevant targets.</li> <li>• Teachers plan for those children</li> </ul>	Class teacher child

		<p>through quality first teaching e.g. differentiated work, additional resources.</p> <ul style="list-style-type: none"> <li>Additional classroom interventions may be implemented. (see non-exhaustive list below)</li> <li>The provision being made for these children is regularly <b>reviewed</b> as well as their progress towards targets.</li> </ul>	
	Stage 1	<ul style="list-style-type: none"> <li>If concerns persist following a period at stage T, concerns will be shared with the SENDCO and parents.</li> <li>Additional support/interventions may be <b>planned</b>.</li> <li>The child's progress and any interventions will be monitored and <b>reviewed</b> carefully for impact by class teacher and SENDCO.</li> <li>Referrals may be made to external agencies for <b>assessment</b> and additional support. We are very aware that moving to a new class or school can be a time of worry and anxiety for children and their families.

#### 5.4 Adaptations to the curriculum and learning environment

In addition to the high-quality teaching provided by class teachers and the range of in-house assessments and interventions detailed in the table above, we make the following adaptations to ensure all pupils’ needs are met:

- Differentiating our curriculum to ensure all pupils can access it.
- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, standing desks and attention aids when they have been recommended by external agencies
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, and reading instructions aloud.

This SEN Information Report sits alongside our Accessibility Plan.

#### 5.5 Additional support for learning

Our wonderful specialist learning team includes staff who are trained to support children with, speech, language and communication needs, Autism and specific learning difficulties such as dyslexia. This team is supported by our Inclusion Teaching Assistants who have experience working with children with a vast array of SEN including ASD, Down Syndrome, ADD and ADHD.

Children are supported in a range of ways based on identified needs. Some children receive periods of 1:1 support, others are supported in small groups whilst most are supported in whole-class teaching sessions by class and year group support staff.

### **5.6 Expertise and training of staff**

All staff attend training on various SEND areas throughout the year. We attend staff training to share knowledge, strategies and experiences and to ensure consistency of the school's approach for children with SEND.

Teachers and support staff attend training run by outside agencies that are relevant to the needs of the children they are working with.

The SENDCO works very closely with specialists who provide advice and direct support regularly.

### **5.7 Transition**

The school is aware of the importance of planning and preparing for the transitions between phases of education and preparation for adult life.

Where pupils have EHC plans, these will be reviewed and amended in sufficient time prior to a pupil moving between key phases of education, to allow for planning for and, where necessary, commissioning of support and provision at the new setting.

### **5.8 Disabled Access and Provision**

At Stivichall Primary we adhere to the requirements, as per the Equality Act 2010 to make reasonable adjustments for any child who has specific long- or short-term health needs or a disability. This might include exploring the scope for and following recommendations about physical adaptations to the school or curriculum, providing access for pupils with disabilities.

Curriculum accessibility is closely monitored and assessed by the class teachers, under the direction of the SENDCO, subject leaders and the Senior Leadership team. For further information please see our Accessibility Plan.

Our Equality information and Objectives demonstrate how we comply with the Public Sector Equality Duty.

View [Coventry's Accessibility Strategy](#).

### **5.9 Securing equipment and facilities**

Our SENDCO works very closely with specialist agencies and services who loan or supply specialist equipment to support a learning difficulty, for example OT (Occupational Therapy) may loan resources and equipment to improve posture and writing etc. The

Sensory and Physical Support Service look at specific needs and may loan equipment to support where necessary.

The Local Authority will provide specialist equipment such as wheelchairs, standing frames and so on when they are prescribed by a health professional. There are several other support services available for families of children with SEND and disabilities. Please contact our SENDCO for further information.

### **5.10 Complaints about SEN provision**

If you have any complaints about this policy or SEND in general, please contact [school@stivichall.coventry.sch.uk](mailto:school@stivichall.coventry.sch.uk) or telephone 02476419555.

A copy of the full complaints procedure is available on the school website.

### **5.11 Contact details of support services for parents of pupils with SEN**

SENDIASS– This is an independent service that is not affiliated to the Local Authority or any schools. This service can share information and will explain parental rights regarding SEN and disabilities. They also hold a range of coffee mornings and information and support sessions. ([Click here](#))

Short breaks – This service provides activities, games and trips for children with SEND and disabilities which are free of charge. ([Click here](#))

Carers Trust (Heart of England) – This is a support service for young carers who have a family member with a disability ([Click here](#))

### **5.12 The local authority local offer**

The Local Authority has a Local Offer website and information about services that may be available to you. ([Click here](#))

## **6. Monitoring and Evaluation of SEND**

The SEND policy will be evaluated and reviewed on an annual basis. All SEND services and provision in the school are subject to rigorous monitoring through the gathering of Parent, staff and pupil views. Governors and SLT will also monitor throughout the year.

The progress of SEND children is regularly monitored through work scrutiny, data analysis and pupil progress meetings. The regular monitoring of interventions and provision promote an active process of continual review and improvement of provision for pupils.

## **7. Policy Monitoring arrangements**

This policy and information report will be reviewed by the SENDCO **every year**. It will also be updated if any changes to the information are made during the year.

It will be approved by the governing board.
